Deep expertise through long-term partnerships with digital platform and product providers	Dedicated COEs and practice teams	Solutioning and outcome-based delivery

Flexible Solutions

Contingent workforce	Flexible project capacity	Permanent Staffing	Executive Hiring

Managed Services

RPO (Recruitment Process Outsourcing)	Vendor Management	Rebadging, Payroll / Passthrough services

Training and Screening

RTD (Ready To Deploy)	HTD (Hire Train Deploy)	Technical screening

A collaborative social responsibility initiative by Sage IT

PWD

Bridge the gap between PWD (people with disabilities who are differently abled and determined) talent and employment opportunities through skill-building. Advocate accessible technology & facilities through partnerships with corporations, government and NGOs.

ESG

Actively combat climate change with innovative solutions. Utilize technology to map and clean polluted water bodies, develop carbon-offsetting programs, by partnering with communities and corporations.

DEI

Champion inclusive workspaces and diverse leadership where everyone thrives. Provide unconscious bias training, mentorship and foster opportunities for LGBTQAI+, and underprivilege communities through partnerships with corporations and NGOs.

CSR

Partner with local NGOs, volunteers and corporations to deliver essential resources like food, clothing, and medical supplies to underprivileged communities. Invest in children education, provide skills training in these communities to break the cycle of poverty.

Empowerment, Diversity, Inclusion, Environment and Social Upliftment through collaboration

25,00,000...
steps and counting

Keeping our employees safer and healthy.. **Sage IT Fit challenge**
